FIRST CALL FOR PAPERS

We are pleased to invite you to the 1st LOGIC International conference launched with the objective to become forum and meeting place where participants from universities, institutes, companies and public institutions from different logistics related fields will have opportunity for collaboration and exchanging ideas.

LOGIC comprises academic sessions as well as workshops and round tables. Therefore, all papers related to theoretical aspects of logistics as well as those related to business applications and case studies are welcome.

LOGIC program committee cordially invites you to submit paper (maximum 6 pages) to the conference. Conference papers should be prepared in accordance to [MS Word template](#). Official conference language is English. Papers submission will be made via online EasyChair conference system. Note that before paper submission, authors that already don't have an EasyChair account, first they should make one in order to sign in.

Registration details can be found at the conference web site.
